EARN CASH REWARDS WITH SAVEON

When NHIT members are scheduled for outpatient medical tests or procedures, SaveOn can help them find conveniently located participating providers that offer those services at a lower cost. If a member chooses to receive their services at a lower-cost provider, SaveOn then pays rewards based on the total amount saved.

It's your choice

SaveOn is voluntary and available to you and any family members on your health plan for covered outpatient diagnostic tests and procedures.

Examples of potential savings per service

Colonoscopy screening	Range: \$946 - \$3,941 Potential Savings: \$2,995
MRI spine, Lumbar (without contrast)	Range: \$308 - \$2,307 Potential Savings: \$1,999
Common routine lab panels	Range: \$96 - \$689 Potential Savings: \$593

Ranges based on Harvard Pilgrim's data in Massachusetts/New Hampshire region. Actual service prices vary by provider. Data as of 1/2015.

HOW SAVEON WORKS

- 1 Call (855) 7SaveOn (855-772-8366) whenever your doctor recommends an outpatient test or non-emergency procedure, such as:
 - Bone Density study
 - Colonoscopy
 - Lab work
 - Mammogram
 - Radiology (MRI & CT scan)
 - Ultrasound
 - Other non-emergency outpatient tests & procedures
- 2 SaveOn's team of nurses lets you know if there are any lower-cost, Harvard Pilgrim-participating providers available in your area. They can even reschedule the appointment and help you with any necessary paperwork.* If you're already seeing a low-cost provider, you'll receive \$10 just for calling and if you switch to a lower cost option then you'll receive 20% of the savings (up to \$2,000).
- 3 You'll receive your reward once Harvard Pilgrim processes your claim. When you choose a lower-cost option, you may also reduce the out-of-pocket costs associated with your benefit plan. **You and your health care dependents can call every time you require eligible tests or procedures.**
