

WHERE ARE WE NOW? A LOOK AT THE YRBS DATA

Katy Shea

Franklin Lunch 'n Learn

October 10, 2014

**Franklin Mayor's
DRUG TASK FORCE**

*Turning on the Power of Prevention
in the Franklin-Hill Community*

OBJECTIVES

- Greater understanding of the substance use rates in the Franklin community using the 2009-2013 YRBS data.
- Better understanding of the data on substance use perceptions and behaviors as shown by the 2013 and 2014 data comparison.

WHAT THE YRBS IS AND IS NOT

- It is **valid and reliable**. It has been tested multiple times. Findings are consistent with other survey findings.
- It is a **tool** and can be used for **positive changes**, rather than adding negativity to the community's reputation.
- Data reflects the **community perceptions and behaviors**; the school is simply a place where it is administered.
- It is **not** a “report card” of the school.
- It does **not encourage use** of substances or other unhealthy behaviors.

OVERVIEW

- Trends in Substance Use 2009-2013
- Community Specific Data 2013-2014
 - Franklin Drug Free Communities Coalition Objectives
 - Mental Health Indicators
 - Family & Community Indicators

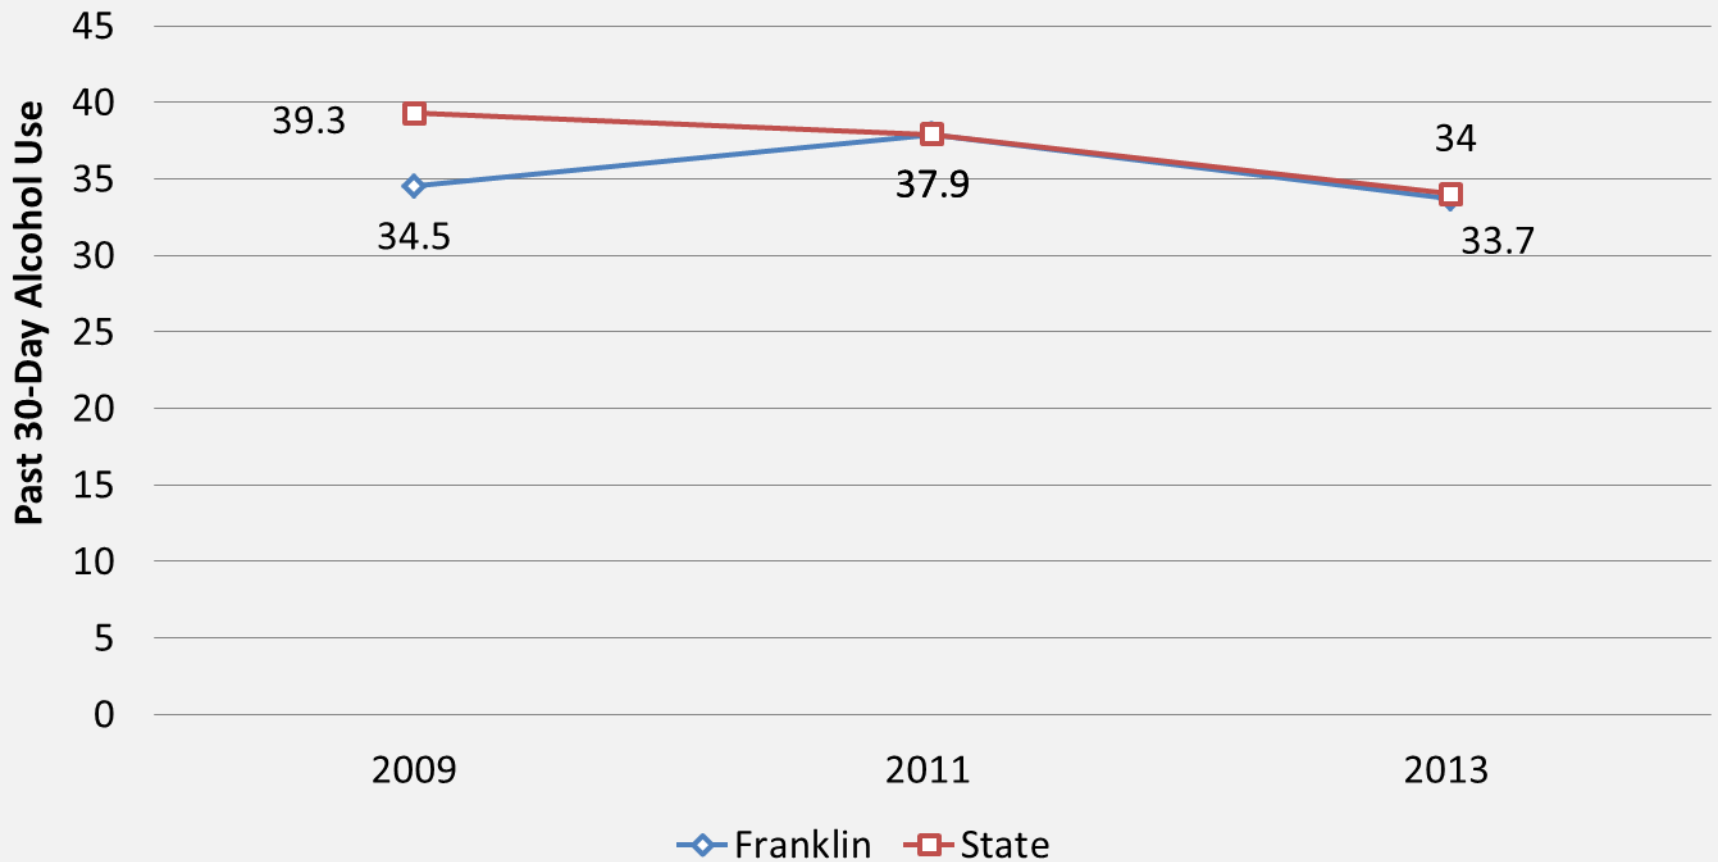

TRENDS IN SUBSTANCE USE 2009-2013

FRANKLIN AND THE STATE

- Past 30-Day Alcohol Use
- Past 30-Day Binge Drinking
