# Summer Camp

The Franklin Parks and Recreation's Summer Program is based out of the Bessie Rowell Community Center. The Bessie Rowell Community Center provides ample room for both sunny day and rainy day activities. With multiple classrooms, the gym, and the stage, our participants have plenty of space to spread out and take part in a number of activities all happening at the same time. This offers more choices and a chance for the older and younger children to partake in separate and more age-appropriate events. The Community Center houses a designated game room with pool, ping pong, fooseball, and air hockey; an arts and crafts room; an activity room with books, board games, legos, activity sheets, and more. On sunny days, the Center offers expansive, on-site field space and playground area, again giving the children much-needed space to spread out and enjoy a number of sporting games, activities, and special events. In addition to our weekly beach days, and field trips all across New Hampshire, we are located close to Odell Park, Daniell Park, the Library, and The Franklin Falls Dam, all of which provide a chance for a group walk, new and exciting play spaces, and new scenery for the children to enjoy. Additionally, FREE healthy breakfast and lunch are provided by the USDA, an equal opportunity provider. Add to all of this a warm and caring staff who are also all CPR and First Aid certified, and there is no better way for your child to spend their summer.
